It is hereby announced that its publication, its distribution, its dissemination do not imply the applicable laws, the regulatory requirements, and the available rules

Abstract

Before you start, consider the purpose of your White Paper. Will this be used for internal knowledge management, external product/service marketing, or both? Can you repurpose this white paper and turn it into other pieces of content?

Use this template to document your ideas and give it to a good graphic designer so that they can put the finishing touches on it. When it comes to white papers, be sure to use a consistent structure and layout in order to make them easy to read and write.

Introduction

Prabu Token is a decentralized cryptocurrency platform based on the Binance smart chain (BSC), which is a sovereign blockchain. Prabu Token is a high-performance platform that aims to deliver a variety of

PRABU TOKEN

services on a single platform. Prabu Token is based on the BSC network. Prabu Token seeks to create a technology platform that will be rich of digital applications powered by smart contract on the cardano network. Through PrabuSwap, Staker can be facilitated through farm, pool, and p2p wagering which is secured by smart contracts and powered by Prabu Token. NFT Marketplace, PrabuSwap, Staking vault, PrabuWallet and DEX will all be available as part of the Prabu Token ecosystem. Prabu Token will create its own NFT marketplace and serve as a hub for the decentralized community. Exclusive rights to unique themes, characters, films, music, and much more will soon be available to the public. Users of Prabu Token Staking Vault will be able to earn Prabu tokens as a reward for securing the network. Prabu DEX introduces a more accessible, and fair global financial system.

**Prabu Token will also hold a private sale and an initial coin offering (ICO), Dates will be published on <https://prabu.club/>

Mission

Our mission is to "build fun engaging dapps on the BSC Network" by providing investors with an innovative, user-friendly, one-stop-shop to find everything they need to not only locate a new project about to launch but also to research and make a more educated decision about whether or not to invest, utilizing a platform with a decentralized blockchain, to give everyone in the world an equal chance to participate.

Our Mission is to

- Provide peer-to-peer marketplace for NFTs, rare digital items and crypto collectibles. Buy, sell, auction at a single platform that is Prabu Token Facilitate the people with Swapping, Incubator, Staking Vault, and Wallet at a single platform. Decrease volatility and increase positive price pressure in digital asset holdings.
- Lower the barrier for entry to more advanced financial ecosystem.
- Operate as a community-focused and community- driven digital asset, fully decentralized in every sense of the world.

Vission

We want to put "cryptocurrency in every portfolio." We envisage a world in which wealth-building methods that were previously exclusively available to the wealthy become open to everyone, giving power back to the people over our financial institutions. Our vision is to create entertaining and engaging dapps on the BSC Network with numerous features such as staking wallet and swapping with a wallet.

Monitor our work as we begin to deploy dapps on the BSC testnet (BSC). Staking is a simple way for BSC investors to generate passive income while also supporting the BSC network's stability. Prabu Token will build a breakthrough ecosystem to attract more people to digital assets, allowing them to generate a passive income while retaining their privacy, security, authority, and autonomy. We seek to build an ecosystem based on good monetary principles, with a strong and stable decentralized basis.

PRABU TOKEN

Ecosystem

Prabu Token has a worldwide ecosystem of people and ideas that offers the required velocity, speed, and direction, to assist the world's best innovators in bringing the future of NFTs, Staking Vault, and Swapping built on the BSC Network.

PRABU & N F T s

For a long time, concerns like transparency, verification, ownership, provenance, copyright, and fraud have plagued the art and music industries. Furthermore, the business has traditionally been limited to the wealthy few who can afford to spend millions of dollars on a single work of art or music. On the other hand, is definitely designed for everyone to enjoy, and it has the ability to transcend all social and economic barriers.

Fortunately, the above-mentioned issues are virtually overcome thanks to our carefully constructed ecosystem. Furthermore, the art and music industries have developed and efficiently deployed magnificent and complex works of art as of today. We're ready for a shift in how NFT is bought, sold, supported, loved, and even created.

Prabu Staking

Prabu Token is based on the Binance Smart Chain platform, which is an ecofriendly blockchain network and very popular in this space. Binance is not only the largest cryptocurrency exchange by trading volume, but it also provides excellent staking services on its platform. By utilizing excellent security mechanisms and offering a Secure Asset Fund for Users, Binance staking guarantees that users' money is protected (SAFU). At the time of writing, our staking technique is likely one of the safest and most environmentally friendly ways (for cryptocurrencies) to make passive income. The platform uses a secure wallet and a doublechecking mechanism to hold all staked money.

As more individuals, including institutional investors, participate in the dogfarm staking vault, it is rapidly becoming a method of generating passive income by just keeping or locking tokens in a wallet. Recognize the value of the cryptocurrency market. dogfarm staking vault is beneficial for allowing investors, including individuals without a technical understanding of cryptocurrency, to stake proof of stake (PoS) coins and earn rewards, because staking cryptocurrencies demands specific technological crypto know-how and compliance standards. For a tiny portion of your staking winnings, the staking network lends you their expert talents and authenticates stakes on your behalf, allowing you to earn greater profits. In response to the fast rise in crypto staking, staking platforms that allow investors to receive staking incentives have sprouted up. This is the place to go if you're interested in staking for a passive income while also helping charity.

Tokenomics

Why Prabu Token ?

Transparency & immutability

With the Prabu Token, an audit trail is provided to trace where the coins came from each time exchange of coins is logged on the BINANCE blockchain. This may assist not only enhance security and fraud prevention in exchange- related enterprises, but it can also help verify the validity of exchanged assets.

Lower Fees

Fees for PRABU transactions are significantly lower than those for debit and credit cards, as well as wire transfers and BACS payments.

Transaction traceability

Because each new transaction is encrypted and connected to the preceding transaction, PRABU is considerably more secure than conventional record- keeping methods. Prabu Token is made up of a complex string of mathematical numbers and cannot be changed. Because PRABU is immutable and incorruptible, it is immune to false information and hackers once constructed.

Ease to use

The reason the Prabu token has any value is that it is simple to use. All you need is a smart smartphone and an internet connection to become your own payment and money transfer system.

There's more

Open for global participants Prabu simplifies the transaction and connects them to a larger audience. Another advantage of using Prabu is that it is entirely decentralized, allowing for unrestricted cross-

PRABU TOKEN

border trade. The use of technology will create a financial revolution in which everyone will be more financially connected, empowered, and enabled.

Because Prabu has no borders, it may be utilized anywhere in the world. This has a significant impact on international payment fees. International transfers have traditionally had significantly higher costs than domestic transfers and payments. International payments and transfers using cryptocurrency are the same as domestic payments and transfers.

Free from corporate and government interference

Because there are no intermediate institutions or government participation in Prabu transactions, transaction costs are kept to a minimum. Furthermore, any transfer occurs extremely fast, removing the inconvenient procedures for authorization and waiting periods.

The efficiency of payment transactions Fees and exchange charges are generally associated with standard transfers and overseas purchases. Because there are no intermediate institutions or government participation in Prabu transactions, transaction costs are kept to a minimum. Furthermore, any transfer occurs extremely fast, removing the inconvenient nature of normal authorization processes and wait periods.

Increased liquidity for investors

Because Prabu Token is traded, it has a high level of liquidity. High liquidity is important for fair asset pricing, market stability, technical analysis accuracy, and faster transactions.

BINANCE Blockchain compliant

Prabu Token is a BINANCE-compliant token means that it supports a few functions that all Binance tokens support.
